

ST. KITTS

Tropical Luxury!

The Bermuda-styled shutters set the tone for the St. Kitts, a West Indies inspired Taralon home. Perfect for entertaining, the Grand Living room has a fireplace for those cool winter evenings that can also be enjoyed from the spacious island kitchen. Tucked between the kitchen and dining room is a Butler's Pantry complete with wine refrigerator, maple cabinets and granite countertops that match the kitchen. For the more casual dining days, the café features a cozy built-in bench seat. The 2nd floor master suite will take your breath away with its tiered ceiling and a massive walk in closet the size of most secondary bedrooms. Also upstairs are three additional bedrooms, one with a private bath, two sharing a Jack and Jill bath, and the convenient laundry room
